```

Listings CRUD tests

(node:6092) DeprecationWarning: `open()` is deprecated in mongoose >= 4.11.0, use `openUri()` instead, or set the `useMongoClient` option if using `connect()` or `createConnection()`. See <http://mongoosejs.com/docs/connections.html#use-mongo-client>

(node:6092) DeprecationWarning: Mongoose: mpromise (mongoose's default promise library) is deprecated, plug in your own promise library instead: <http://mongoosejs.com/docs/promises.html>

Db.prototype.authenticate method will no longer be available in the next major release 3.x as MongoDB 3.6 will only allow auth against users in the admin db and will no longer allow multiple credentials on a socket. Please authenticate using MongoClient.connect with auth credentials.

GET /api/listings 200 602.682 ms - 59706

✓ should be able to retrieve all listings (631ms)

GET /api/listings/59b0c0f734cd9141801ed305 200 42.373 ms - 365

✓ should be able to retrieve a single listing (99ms)

POST /api/listings 200 251.817 ms - 377

✓ should be able to save a listing (266ms)

PUT /api/listings/59c1d4f4cd323717cc088d6e 200 163.900 ms - 377

✓ should be able to update a listing (172ms)

DELETE /api/listings/59c1d4f4cd323717cc088d6e 200 144.667 ms - -

GET /api/listings/59c1d4f4cd323717cc088d6e 200 491.565 ms - 4

✓ should be able to delete a listing (654ms)
